How to search in ACS Publications

You can do a general search, but that will bring up articles we don’t have access to (though you can always Interlibrary Loan them).

Click on the “Advance Search” button in the yellow box, circled here in red.

This will bring you to the Advance Search page. After you enter your search term in one of the boxes, scroll down until you see this:

Click on “Modify Selection, which will bring up this pop up:
Check the following publications:

- Analytical Chemistry
- Chemical Reviews
- Journal of Chemical Education
- Journal of American Chemical Society
- The Journal of Organic Chemistry
- The Journal of Physical Chemistry
- The Journal of Physical Chemistry A
- The Journal of Physical Chemistry B
- The Journal of Physical Chemistry C

You can also select the publication date if you need articles from the past year or past five years:
When you click “Search” only articles we have access to will show up!

If you can’t find what you need, you can click “Reset All,” shown here:

If we don’t have access to it, you can get the article through [Interlibrary Loan](#), which will take 1-7 days.
